SURE—PROBE DONOVAN

THE NEWS seconds the demand of the 13 GOP House Foreign Affairs Committee members for a Congressional probe into New York attorney James B. Donovan's wheeling and dealing for the release of prisoners from Castro-Khrushchev Cuba.

The Bay of Pigs Deal This ransom episode enraged and/or humiliated many if not most Americans, greatly strengthened Castro, and earned us a lot of suspicion and contempt all over Latin America.

Donovan himself appears to have acted honestly and conscientiously. But the investigation should only begin with Donovan. It should go from there into every aspect of this historic kowtow to the Red Hitler and his bearded puppet in Havana, no matter whose corns are stepped on or reputations damaged as the investigation proceeds.
